

I I know this is some random ass beef
especially cause Lil Man man and baby
are both from the West Side Lil Baby is
from Oakland and man man is from West
End their hoods are just next to each
other so Lil Baby knows a lot of the
guys there who he grew up and also the
young guys who are causing [___] out
there most of Lil baby's young [___]
the hot boys went to school with a
Glizzy Gang they used to be cool before
everything went down and there were
rumors that man man was gun assigned to
4pf one thing about the Glizzy Gang or
man man allegedly they love breaking
into cars and stealing [___] man man's so
good at stealing cars they call him baby
driver like the movie that's why his
always in and out of jail can't stay
free to save his life Lil Man man also
go into a shootout with police after
doing car theft with his buddies and
were found with lots of guns and ammo
now you get the picture of who this kid
is now the beef started just three
months before Lil Baby and Dirk dropped
voice of the heroes if you remember
around that time they were super locked

in together Dirk even raps a few not 4pf
I think out loud and Lil Baby raps I'm
so 4pf but I pop out with OTF just by
this you understand how close they are
allegedly the Glizzy Gang broke into
King Von's Lil sister's car and stole
her chain just how they do so now with
King Von gone OTF had to show Kayla that
even with Von gone they are still here
for her and will protect her just off
vong's face and everything will be
handled
at first Lil Durk tried to fix this on
some it was a mistake let them bring it
back and we good so he told Lil Baby
cause that's his City and he knows the
Glizzy gangs so baby could fix it and
squash it cause he cool with both sides
so what does superhero baby do he gets
to that just like the time when two
chains had his hard drive with music
stolen Lil Baby got it back for him and
two chains thanked him on IG same way P
from QC got his car stolen and hard
drive took Lil Baby was able to get it
back cause he in tune with the streets
and that's what he was into before music

this is the reason Dirk calls him the
hero but also cause of prison [___] I
can't speak about
but things wouldn't go as planned for
the hero this time allegedly Lil Baby
pulled up to push up on Lil Man man and
his people to get the chain back and
those boys allegedly told him Dirk gonna
have to pay for it and that they ain't
giving it back for free cause the game
is the gang it don't matter who you are
they wanted money for the chain things
got heated and the crews started arguing
and talking hot
so Lil Baby left with his people
basically they hold my favorite rapper
right there and then allegedly not so
long after they left the Glizzy Gang
went and spent some rounds on Lil Baby
old apartments in little Cali allegedly
that's when it was up from there and
caused the Fallout between these gangs
which made 4pf and OTF click up forming
4tf vs Glizzy Gang now after some time
OTF Boone and Lil Man man got into it at
the mall with Witnesses saying it
started as an argument with people in
two different cars with guns in their

hand which led to a shootout in the parking lot. then they took cover and got in their cars but when one car tried to speed off allegedly OTF boona was shooting at the car in front of him while hanging out the window bullets would fly and hit four people out of those four people a six-year-old kid got hit with stray bullets but survived the injuries and was found left on the curb where medical assistants said the injuries were none life-threatening here's the video report from the scene now at the scene of the shooting boona dropped his cell phone during the shooting and police were able to track him down through social media activity to tie him to the shooting and seems like OTF has caused trouble in Atlanta for authorities as this wasn't the first remember the king Von and Lil Durk shooting that happened as well also the king Von won with kwanda authorities have now named OTF as an active street gang now I ask myself why boona had a cell phone there did they maybe just run into

each other did they get the drop on him
or did he come there to meet up with
them cause if it was an intentional
shootout he wouldn't have gone with a
cell phone right

all of them got arrested after some time
and Buna got sent news to eight years in
prison keep in mind that boona had just
served eight years before this and he
was only home for three years till this
shooting happened which would get him
another eight years Lil Man man is also
doing time but he posted that he would
be out on the 6th of June 2023 so he
will be out soon

four months after the shooting at the
mall Lil durk's house got broken into
and the shootout happened by now we all
know who likes to break into people's
cars and houses so allegedly this was
retaliation for the shooting and
allegedly India didn't even pick up the
gun it was all dirt but he had to say
India's shot back cause he is a felon
and was still fighting a case
a lot of gangsters stuff happened
between both camps and after some time a
kid named Mark who was part of Glizzy

Gang got shot and killed with
allegations saying it's all tied to this
beef after Mark got hit four PF members
or the hot boys started clowning him
things would only get worse as after
some time DT or is known by cold-hearted
Savage had a performance at Club Tru out
of town the performance went well but as
they were leaving and on the highway an
unknown vehicle sped up to them and
opened fire striking Lil mid in the head
there were also four other people in the
car but police the incident report
didn't say anyone else was hit the 4pf
Entourage drove to a hospital an hour
away instead of the one close by to get
him some help but unfortunately he
didn't make it and died the Glizzy Gang
saw it as their turn to clown the 4pf
group
so that happened and allegedly Lil
Baby's house also got broken into and a
few gold items were stolen from the
rapper's home as well as money and
jewelry that's why he bought that new
house now and moved out the old one
so to summarize this the beef started

cause of a chain and led to something
bigger with one Camp stealing from the
other and asking for money for the
return of stolen property which got Lil
Baby and 4pf tied up in the middle
forcing them to pick a side
so let me know what y'all think and like
And subscribe hey hit that subscribe

I've told y'all how like I literally
found that that was gonna be a private
situation
that was gonna be a private situation
somebody who lived I don't want to keep
you know because I feel like I'm doxing
a [___] somebody who lived around and
knew Dirk lived there
they hit me unless unless y'all was
trying to say Dirk told a random [___]
to hit me but [___] it was in my message
request from a random fan Real Page and
everything that's a random fan I get 10
000 random messages a day people giving
me tips on anything plus they might be
like yo yo little TJ just ran to the cop
show like look like they put him in
cuffs and I'd be like is that true I

might be like yo send me a pic of some
[___] like that you know I mean sometimes
you don't know if it's true sometimes it
is true you feel me like that's how I
kind of steal my game I read every
message request on my main page everyone
now if you're talking to me uh you got
to do that on my personal page but I get
10 000 new message
DMS a day and I go through every one of
them some of them trolling some of them
whatever one random day I went through
and it said bro
I think there was some type of shooting
at Dirk's [___]
there's mad police up there
and I said how the [___] do you even know
where Dirk even lives he's like and
that's what he told me where Dirk lived
I didn't even know where Dirk lived
I won't say it
then I'm like hmm
then they put they gave me some more
proof and I'm like this might be true
but but if dirt not coming out to say it
I said we gotta wait till TMZ gets it
um um I I happen to talk to a [___] TMZ
and I said yo this they said this

happened

TMZ only got connects in

um they pay off La cops so anything

happened like live in L.A you're [__]

they literally pay off the cops for

everything

but they can't pay off every cop in the

[__] world so like where Dirk lived

at the time

like they had to try to work their magic

to try to get it but they work their

magic and confirmed it and I was like oh

[__] so then they ran the story

that's how it happened I told Dirk now

to his face

so I would think it's not staged right

or I'm I'm gonna play I'm gonna play I'm

gonna play I'm gonna play facetious or

normal play um cynical with y'all

I don't think it was staged for the

media right but who knows maybe it was I

don't know it could have been let's say

it was an accidental shot

let's say it was an accidental shot gun

go off

the police come

you got to say something now right you

get the police to write it up as oh
somebody was breaking in and a gunshot
got fired you know what I mean maybe
that happened I don't know
but a shot got fired
they told the cops cops that there was
somebody trying to come in clearly the
cops must have corroborated it because
when you when TMZ reached out and asked
for it
you know I hate talking about this
because you know like like even off
camera me and him was talking like bro
he he
he's a [___] who like that [___] was
close to home and I'm a [___] who went
through a situation where [___] is close
to home you don't want to keep having to
re-touch up or like touch on situations
when you live somewhere right now we
don't live there no more you don't live
there no more but still the details of
that story was that they it was a gated
community they came through the Gated
Community the car that they claimed the
[___] was in or whoever was in came
through the gated community
I don't think they had plates or nothing

because I don't think there was no
arrests behind it but they saw the car
coming in they never saw the car going
out

or not well

let me not let me not put that wasn't
the thing that was the thing it wasn't
obviously they're surveillance but it's
a gated community I guess that's what I
should say that it's a gated community
um I'm not gonna say they they came in
the the interesting thing that TMZ
reported I could probably pull it back
up is that they never saw them leaving
so they couldn't find after the shooting
of anybody leaving

so it was a little bit odd let me see

Dirk

shoot

let's see

uh

wait

um

[__] I gotta search this up off here

okay

all right I'm not gonna throw it back on
the screen again because it kind of

shows where they were staying I'm good
um yeah but but that's what
when I kept doing and kept digging for
info on what happened yes somebody did
try to run up
shots were fired
the people left but the cops didn't have
any leads on the people which was kind
of odd because it made it seem like it's
a gated community somehow they got in
there but I don't know if I don't know
how Atlanta is built oh I just [___]
said where but but I guess [___] ran
through the bushes I don't know what the
[___] happened you know what I mean so
um I don't know but it definitely wasn't
staged to go viral like no way ain't no
[___] way that's no [___] way it was
staged to go viral
um
now could have been some other [___]
because Dirk really not supposed to be
around a gun but here's the thing with
this situation this is called
self-defense
this is self-defense so in self-defense
when y'all is saying that your girl
fired the gun

they're not gonna go charge you you get
what I mean
so again who knows if it was some other

cbs 46 news

According to the Georgia Bureau of Investigations, around 5 am on Sunday, July 11th, Lil Durk woke up

and found someone trying to break into his house in the Chateau Elan neighborhood of Braselton, GA, which is about an hour outside of Atlanta. Durk was home with his girlfriend and baby mama India, when they heard someone kick down the door and they both started firing. It hasn't been reported whether anyone was hit, but a 5 am shootout obviously caught the attention of the neighbors.

Later that morning, Durk's home was raided by the FBI because of the shooting and other related crimes, after the neighbors reported it to police and media outlets.
